Never miss another service call. We answer, book and text back for you, 24/7.

For plumbers, HVAC techs, electricians and roofers. $600 to set up, then $249 a month. Live in about a week.

01

We learn your business

On a 30-minute call we write down your services, hours, service area and what counts as an emergency. We also ask how you want urgent calls sent to you.

02

We build it and test it

We set up the phone agent, connect your calendar and turn on missed-call texts. Then we run 25 test calls: emergencies, bookings, price questions and spam. You listen and sign off.

03

You go live

You forward your business line. For the first two weeks we read every call and fix anything that sounds off.

What you get

- ✓ **A phone agent that sounds like your front desk.** It uses your business name, hours and words. Built on Retell or Vapi.
- ✓ **Emergency handling.** It asks safety questions first. Then it connects the caller to your on-call tech with a short summary.
- ✓ **Booking into your calendar.** Google Calendar, GoHighLevel or Jobber. It only offers times that are really open.
- ✓ **Missed-call text back.** If a call still gets missed, the caller gets a text in seconds. One text per number per day.
- ✓ **A record of every call.** Summary, recording link and caller details go to a Google Sheet or your CRM. You get an email.
- ✓ **Price rules.** It never makes up prices. It only quotes prices you approve. Everything else becomes a callback.
- ✓ **25 test calls before launch.** You hear how it handles real situations before a customer ever calls.

Price

$600 setup, one time

Then $249 a month for care. Cancel anytime.

Setup · live in about 7 days	**$600**
Care · reviews, fixes, monthly report	**$249/mo**
