Every new lead gets a text in under a minute. Then we follow up until they book.

A done-for-you GoHighLevel setup for roofing, HVAC, plumbing and solar companies. $600 one time, built in 7 days.

01

We map how leads reach you

We look at your website forms, Google, Facebook and phone calls. We check your GoHighLevel account and list what's broken.

02

We build it and test it

We set up your pipeline, 8 automations, text and email templates, calendars and forms. Then we send a test lead down every path, including STOP and HELP replies.

03

We train your team

A 45-minute recorded training and a short written guide. Your team knows what to do when a lead replies.

What you get

- ✓ **Instant reply to every new lead.** A text and an email within seconds, plus an alert to the right person. Leads are shared out in turn.
- ✓ **A 7-stage pipeline.** New, Contacted, Qualified, Estimate Sent, Booked, Won, Review. Each move starts the next step.
- ✓ **Missed-call text back.** Missed callers get a text and show up as a new lead.
- ✓ **Estimate follow-up.** Reminders on day 1, 3 and 7. They stop as soon as the customer replies.
- ✓ **Appointment reminders.** Texts 24 hours and 2 hours before. No-shows get a text to reschedule.
- ✓ **Review requests.** Happy customers get your Google review link. Unhappy ones go to a private form, and you get an alert.
- ✓ **12 text and 6 email templates.** Written in plain words. You approve each one before it goes live.
